Director's Corner – April 2024

We had a great March meeting. It was well attended and the Stockingers (once again) gave a great Tech Talk. The audience was very engaged, and I know they received separate thanks from other members. The topic for the April meeting is Spring Cleaning of the Model A Zenith Carburetor. Don't miss it!

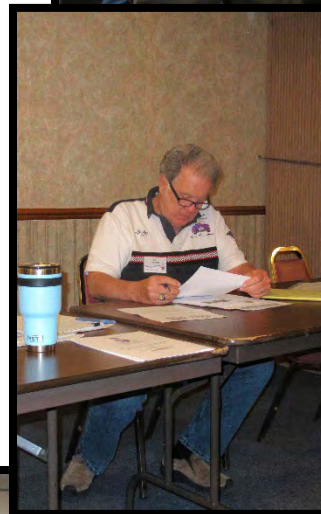

The Constitution was approved with only one vote not accepting the changes. After the meeting it was brought to my attention that the wording should be more gender neutral. That is a really good point, and I would recommend the next time we review this document – we make that change.

Owen has sent out a final eblast for the Ladies Event in April. As of this week, tickets are still available. The eblast provides the link so you can purchase the tickets. Please let Marcia Morman or Roger know if you are attending so we can add you to our dinner group.

The big news is the Swap Meet was a huge success. We are so fortunate that Randy Yockey lets us use his wonderful dealership as our venue. Ken, Gene, Nick and the Rozny family put a ton of work into this. Of course it would not be possible if we didn't have the help of all our members, including lots of new members. It was said, and I agree, that this event was not just a way to bring in revenue but also a fun event to attend and work. We plan to do it again next year so keep the 3rd week in March open!

See you in April!

Attention Model A's

Time Is Getting Short

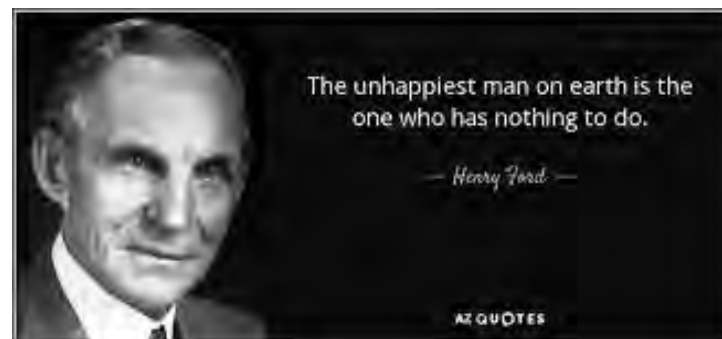

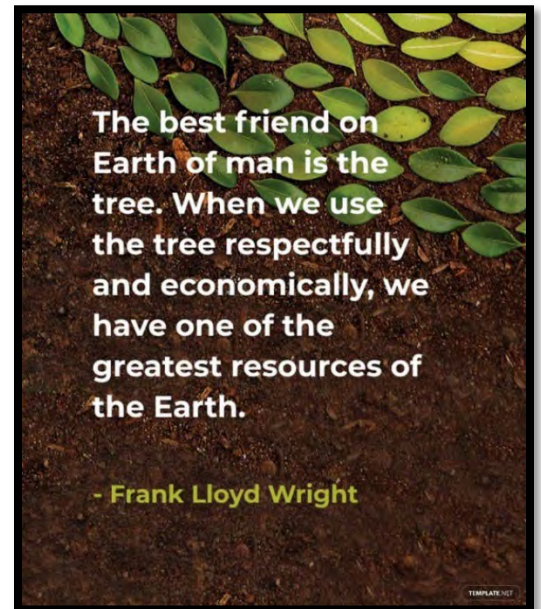

Restoring a Model A or thinking about it? May 31, 2024, is the final date to apply for financial assistance from the Model A Youth Restoration Award program (MAYRA). If you are between 12 and 22 and restoring your Model A or about to begin and would like financial assistance in acquiring parts, MAYRA can help. MAYRA has made over 100 awards to youth over the past 30 years. Awards, in the form of gift certificates from various Model A parts vendors, are made every two years, and in 2022, each recipient received \$3,000 in certificates. Recipients will be announced at the MARC and MAFCA National Conventions this summer. The application and eligibility information are on the website <http://MAYRA.biz>.

If you are no longer eligible to apply for an award but feel strongly that bringing youth into the hobby is essential for its future, please tell any you think should consider restoring a Model A or are currently restoring one about our program and direct them to our website. WINTER SWAP MEET : by Nick Clancy

The Club's Winter Swap Meet at Friendly Ford was a success. We had 58 vendors and over 300 paying guests bringing in over \$1,500 at the door, and some additional funds from the Membership Drive, Food Sales and Donations. The totals will be announced at the March club meeting.

I have given some thought to what were the most influential actions that led to our success, and I list them in a rough chronological order. The Pritchetts' got a date on the calendar with Friendly Ford several months beforehand and that enabled us to get a jump on things. In fact, they already got us a date for Sunday March 16th, 2025 next year! Ken Ehrenhofer then took the lead and organized a Swap Team of Gene Levin, Nick Clancy, Mike Goode and himself. I like to joke about receiving that call from Ken – "Hey, are you available on March 17th to assist with the Swap Meet?" Little did I realize it was going to be March 17th for the next four months immediately following the call!

Gene then took it upon himself to gather up the mail distributions the Pritchetts maintained from prior shows, enlisted his office staff to print out and stuff envelopes, and he contributed the

postage from his own pocket. Gene also did the legwork to have the event listed on national websites such as Hemmings and MARC, as well as regional websites like local clubs Facebook pages. These early postings may have been the largest contributing factors; thanks Gene.

Then the Flyers started making appearances at other swap meets, shows and club meetings ranging from the Stockingers putting them on every table at a regional swap meet they attended, to Ken bringing them to the local Model T club meeting. Here we thank all of the club members who got the word out. Owen Basset volunteered to assist (as always!) and compiled two independent email distributions; one for Vendors who signed up and one for every person and club in the region we have an address for. Owen regularly sent updates with the electronic flyer attached. Gene and Nick fielded the incoming calls, and we populated a spreadsheet of Vendors and took their contact details, expected arrival, stuff they were bringing, etc. which later enabled us to make choices about where we would set some of them up at the Meet. The week before the event each and every Vendor got a phone call to confirm they were coming, and any open information needed. These were the actions that led to a good attendance by the Vendors and the Spenders.

On the day of the event, we had numerous Club volunteers. We need to give a big Hats Off Cheer! to the Rozny Family who showed up in force and took care of the food service. If you think you know how to pack a vehicle, you can take some lessons from the Roznys with the equipment and food they arrived with. They served the crowd from opening to close and there were donuts, coffee, assorted beverages, hot dogs and of course – for St.Patrick's Day – Corned Beef Sandwiches! among other things. They must like doing it because their smiles and warmth were contagious, and another giant thank you too them. As an aside a thanks to the Pritchetts who ordered and delivered a ga-jillion donuts. We had a team at the Admission table, a team at the Membership table, a team on Parking duty and a team on the Security detail. Saturday we had volunteers for setup and Sunday volunteers for break down. We should be proud of the effort made by our club members!!! Did we leave anyone out? The Yockeys...!!!! The Yockey Family's generosity is how we were able to have this event. They committed to the availability of space early on. Saturday they had their service staff clear their work areas, remove all the vehicles and equipment, power wash the floors, so it was available to us at 3pm. We arrived at 5:30 Sunday morning and noticed a vehicle continued to be parked next to the building where outside vendors were to park, mentioned it to Randy, and a few minutes later he was outside with a forklift moving it out of the way...himself! Randy was there with us all of Saturday and Sunday to assist us in any way he could, and chatting it up with a myriad of folks, whether club members, vendors, guests – everybody. Not only did the Yockeys do all this for us at no charge, but they also made a donation to the Club! Let's be grateful we have the Yockeys as friends. May we suggest we can show our gratitude by visiting Friendly Ford for our next vehicle purchase or service. Thanks to all of you for helping to make the Winter Swap Meet 2024 a success!

MAFFI Minute

Through the generosity of Donna Lewis, former MAFCA President and MAFFI Trustee, "Betsy", a 1930 Ford Model A has been donated to help raise funds for the expansion of the beloved Model A Ford Museum. The car remains in the same condition as restored by Red Grow in the 1950's. Enjoy driving "Betsy", your newest Model A, to your next cruise-in or car show. This is a truly historical vehicle, once owned by a MAFFI Hall of Fame inductee.

"Betsy", became famous as the best Model A in the world. The Ford Model A has gathered 32 top place trophies in the 34 shows which the car was entered. That includes two national shows in 1957 and 1962. Overall, the car won 39 trophies. It is said that Red Grow's car, "Betsy", was an inspiration at the time. It drove many people to do their best in restoring their own car. This urge to do the best restoration possible, developed the need for more information about how to a better job. As a result, the Judging Standards evolved. We can thank Red Grow and the MAFCA founders for their vision.

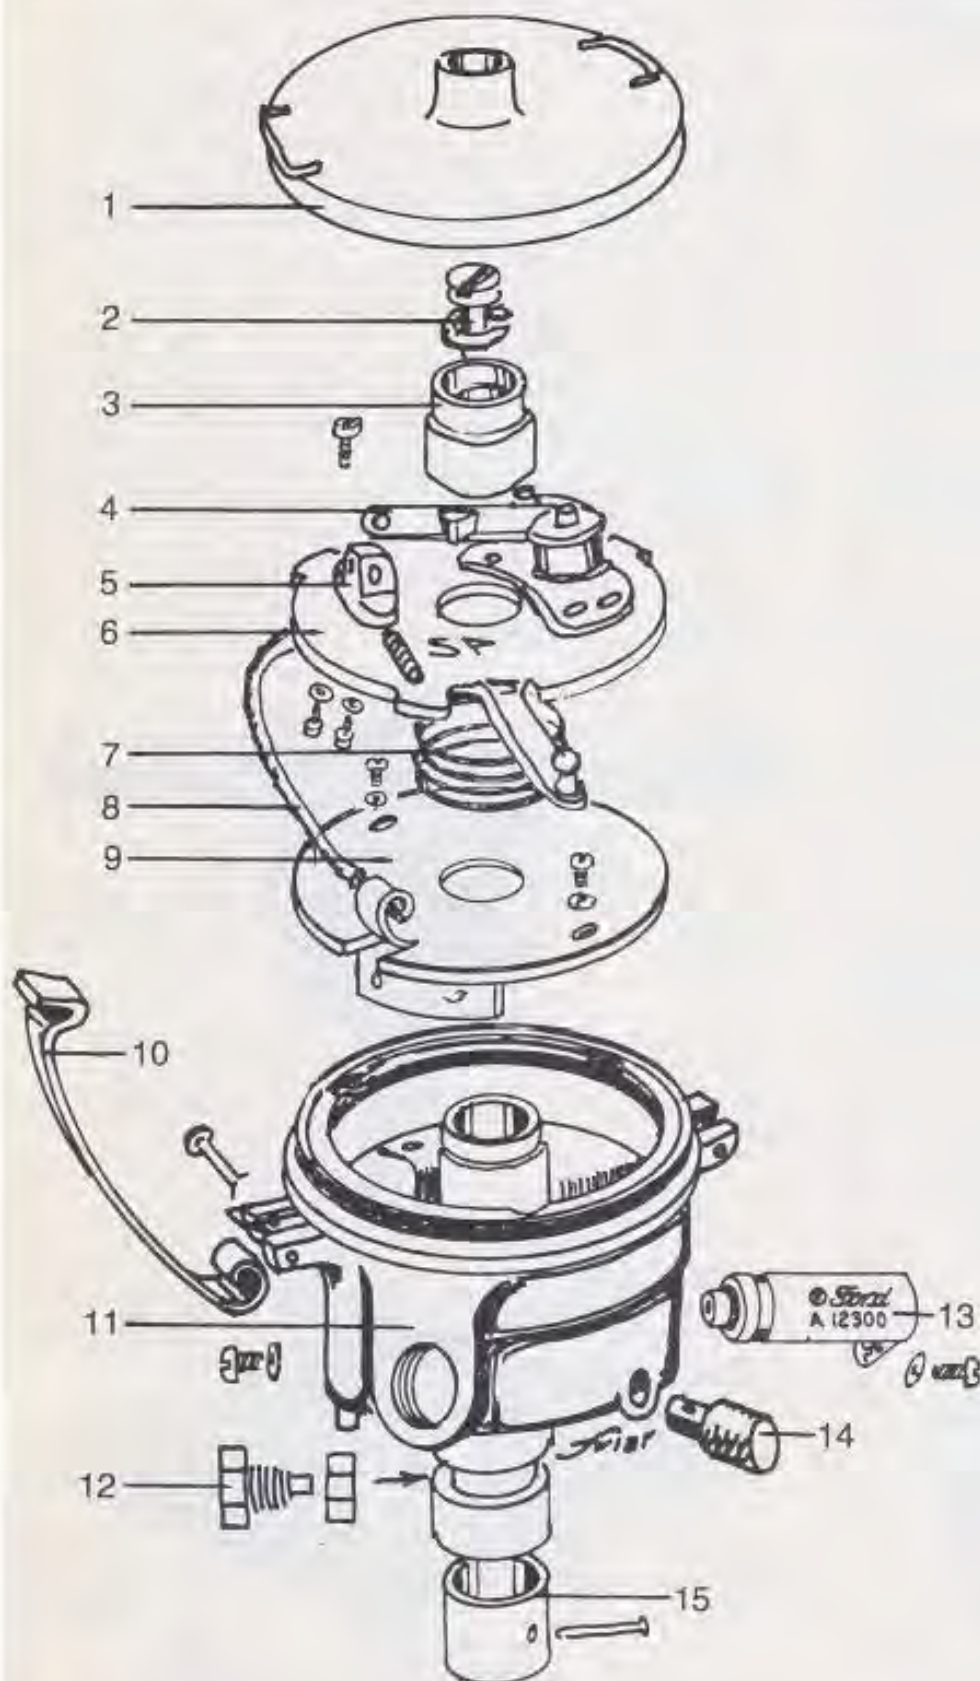

In 1967, Red sold "Betsy" to a Ford car dealer named Dave Grubbs for \$5,000, an unheard-of price in those days. As a result, Dave Grubb placed the car in a glass cage centered in his dealer showroom. Now, you have a chance to own "Betsy" by entering a Sweepstakes through our website, <https://www.maffi.org/index.htm>, or scan the QR code and receive 20% more tickets for your Donation, available at checkout!"

Happy Motoring,

Cindy Ellenbecker, MAFFI Trustee-Secretary
